

## Frequently Asked Questions

How fast do the pods rotate?

The pods are rotated manually, the rotating feature is intended for desired positioning, not constant rotation.

Are the pods made of glass?

The exterior of the pods is made up of stainless steel, polycarbonate and acrylic, which allow guests to enjoy the surroundings without the danger of shattering when struck.

Do the pods fit in a back garden?

The smaller pods can fit in an area large enough for a 5-chair umbrella set. The diameter requirements **vary from 7.5' to 11' for the largest model.**

How long does it take to for me to get my Garden Pod?

3 to 4 weeks from date of order.

Can I install my own Garden Pod?

No. We supply and install on your prepared surface.

What does the price include?

The price includes a fully equipped Pod with standard features such as seating appointments and table, fully supplied and fitted

Do Podology Install my Garden Pod?

Yes. All installations are completed by Podology.

How do I go about buying a Garden Pod?

Once you have made a decision on which Garden Pod is right for you, Podology will require a deposit of 50% on placing the order. The balance to be paid prior to installation.

What is the warranty on the Garden Pod?

The manufacturer is providing a 10 year warranty.

Can I use the Garden Pod in the rain?

Yes, the Garden Pod is designed to be rain resistant and water safe. The stainless steel components are made to endure wet outdoor conditions. The cushions for the open/rotating models are made from the same materials used in Yachts. The larger summerhouse model has a door that can be closed just like a home, so the interiors are kept nice and dry. These features allow enjoyable use during rain showers.

Can I customize my Garden Pod?

Yes, ownership comes with the ability to put your own color signature on your Garden Pod. However, this raises the need to build you a brand new unit that will take time.

What is the frame of the Garden Pod made from?

The frame is made up of laminated Norwegian Spruce , which has been treated to withstand outdoor conditions.

Can I stain or color the frame of my Garden Pod?

Yes, you can stain or color it to your choosing.

How long has the Garden Pod been around?

While the Pod design took shape in 2008, prototypes were built and tested and the pods were not offered on a large scale until 2010.

What can the Garden Pod be used for?

The Garden **Pod enables you to “bring the inside out”**. This means it can be used as an office, a dining room, a music room, a media room, a lounge, thinking/meditating space, a meeting room, or rain shelter, **..just think outside of your pod!**

Will I need a planning permission to put one in my back garden?

No, it falls under the stated regulations for detached buildings, 25m2

Can I take it with me when I move?

**Yes, it's a** matter of disassembling, re-assembling and minimal parts replacements.

Can I sleep in a Garden Pod?

The Lounger model allows the table to be lowered so that the entire inside can be converted into a sleeping bed. The door opening can be covered with the available canvas enclosure.

Where can the Garden Pod be placed?

It can be placed anywhere you choose in your garden or home The Pod can also be a room, within a room. Think of Gathering in a Glowing Pod at night in a penthouse loft overlooking beautiful city lights.

How many people fit inside the Garden Pod?

The Seater accommodates 5 to 7 people, the Lounger 4 to 6 people, and the diner and summerhouse can accommodate up to 14 people.

Does the Garden Pod come with a solar panel?

The Summerhouse and Diner models come with a solar panel that powers the mood lighting inside.

Do all models rotate?

The Seater and the Lounger are the rotating models. The Summerhouse and Diner do not rotate as they can be connected to a power supply.

What do I need to do to maintain my Garden Pod in good working condition?

Very little needs to be done. Cleaned regularly and washed. The wood panels will need to be treated, as any wood structure such as a fence would.
